Published Every Weekday Afternoon.  
 Subscriptions: One Year, \$5; One Month, 25 cts;  
 Single Copy, 1 cent.

Members of the Publishers' Press.—The latest  
 telegraphic news from all parts of the world  
 are received by the Daily Times up to the hour  
 of going to press.

Frank E. Langley, Publisher.

Entered at the Postoffice at Barre as Second  
 Class Matter.

FRIDAY, SEPTEMBER 8, 1905.

The average daily circulation of the  
 Barre Daily Times for the week ending  
 Saturday was

**3,654**

copies, the largest paid circulation of  
 any daily paper in this section.

A Union man and a Reb, marching  
 arm in arm, was one of the striking  
 features of the G. A. R. parade in  
 Denver, and the picture was heightened  
 by the latter's swinging the stars and  
 stripes.

The fact that a North Pownall mill  
 owner has raised the pay of his em-  
 ployees twelve and a half per cent, with-  
 out request, is so unusual as to be  
 worthy of especial mention. And there  
 is another significant sidelight, in that  
 the business must have a bright outlook  
 for an employer to make the raise.

The school statistics of the city of  
 Rutland and of the city of Barre fur-  
 nish an interesting comparison. The  
 total number of scholars enrolled for  
 the first day in Rutland was 1,879; in  
 Barre the figures were 2,147. In  
 Rutland the gain was 15, and in Barre  
 180. The Rutland high school has a few  
 more registrations than the Spaulding  
 high school in this city, the number  
 being 163, to 135 in Barre. The school  
 attendance here is about ten per cent  
 greater than in Rutland.

## JAPANESE STOICISM WAVERS.

The veil of Japanese stoicism seems  
 to have been punctured in Tokio. Self-  
 restraint, which all along has been an-  
 nounced as a characteristic of the little  
 Easterner, has given way before the  
 flood of disappointment over the recent  
 peace treaty. Yet the demonstrations  
 thus far have been merely the mut-  
 terings of the rabble. Perhaps the riot-  
 ing does not reflect the sentiment of  
 the thinking people of Japan. But the  
 events, such as the stoning of Marquis  
 Ito, bear out the fear expressed by  
 the Japanese correspondents at Ports-  
 mouth when the first wave of disappr-  
 oval of the treaty swept over them. The  
 correspondents at that time stated that  
 they feared the result of the reception  
 of the news by the Japanese people,  
 that there would be some violent dem-  
 onstrations.

Bearing on the matter of the Japanese  
 disapproval is the statement reported  
 to have been made by Congressman Mc-  
 Nary of Massachusetts while in Ger-  
 many. A cable despatch to the New  
 York Times from Germany recently re-  
 ported him as saying:

"Returning to the question of the  
 peace, the emperor told Congressman  
 Bartholdt that he (Emperor William)  
 had been asked by the czar to request  
 President Roosevelt to take the lead  
 in bringing about a peace conference."

Such a report—whether or not there  
 is any truth in it is uncertain—might  
 lead the Japanese to the suspicion that  
 the peace was a Russian game and that  
 President Roosevelt was a party to it,  
 which no American believes, however.  
 But the Japanese, suspicious at a time  
 when they believe that they have been  
 partially robbed of the legitimate fruits  
 of their warfare, might make the report  
 as a ground for fancied grievances. And  
 the stoning of the American, E. H. Har-  
 riman, at the same time Marquis Ito  
 was subjected to the indignity, leads to  
 the same impression. Even if there  
 is no foundation for suspicion the Japa-  
 nese temper has been severely tried, and  
 an outbreak or so is not surprising.

## ARE YOU A MOTHER?

Perhaps There Is Something You Would  
 Like to Know Concerning the  
 Care of Children.

One cannot always find a neighbor  
 from whom she can get desired informa-  
 tion. Nor does one always like to show  
 her lack of information. The easiest way  
 to get the information, therefore, is to  
 read the Household Department of the  
 Boston Daily Globe. Experienced moth-  
 ers who write to that department will  
 tell you anything you wish to know  
 about the bringing up of your little  
 ones.

The best Boston paper published—The  
 Boston Globe. Have it at your home

## A \$35,000 FIRE AT MANCHESTER.

Plant Operated by the Hadley Manufac-  
 turing Co. Destroyed.

Manchester, Sept. 8.—The manufac-  
 turing plant of the Vail Light & Power  
 Co. at Manchester Depot, operated by  
 the Hadley Manufacturing Co., was de-  
 stroyed by fire early yesterday morning.  
 The loss is estimated at \$35,000. The  
 amount of insurance cannot be ob-  
 tained, owing to the absence of Presi-  
 dent Hadley.

Three boilers of the plant are in good  
 condition and it is probable that the  
 engine can be repaired. Most of the stock  
 manufactured had been shipped Wednes-  
 day so that the loss of turned stock on  
 hand was only about \$200.

The Hadley Manufacturing Co. began  
 to operate the mill last March, and turned  
 out chair stock. Forty men were em-  
 ployed with a pay roll of \$2,000 a month.  
 Owing to the rush of orders the company  
 was to start to run double shifts next  
 Monday.

## POST OFFICE NOT CONCERNED.

So Long as Contractors Continue to De-  
 liver Mail.

New York, Sept. 8.—There was prac-  
 tically no delay yesterday in the collec-  
 tion and distribution of mail in the busi-  
 ness districts of New York affected by  
 the strike of 300 drivers in the employ  
 of the New York Mail company. Post-  
 master W. R. Wilcox issued a statement  
 to this effect last night and said further  
 the strike was one which did not con-  
 cern the postoffice officials so long as  
 the contractors continued to handle the  
 mails regularly and without delay.

## KILLED BY LOG SLIDE.
